

Safety Topic

Avoiding Potential Hazards and Decreasing Surprises

As the weather warms up, streets and neighborhoods become busier. Landscapers, construction workers, and children create potential hazards for us drivers.

Avoid close calls by:

1. Remaining alert and Attentive.
2. Constantly scan the surrounding area.
3. Look ahead.
4. Use your horn/flashers/eye contact to convey your intentions.
5. Slow down.
6. Create a space cushion.

Service

Make sure every package on your vehicle gets a valid attempt/scan.
79'ing packages does not confirm where the package was sent, so if you 79 anything,
send a text to your manager.

Be sure to stop at VSA every morning.

No parking outside the first bay door.
